

SAID IN CYPRESS

By Newsy

We like a column of potpourri, partly because we love that word, which is so beautiful when pronounced correctly and so ugly when pronounced the way it looks.

* * *

Sunday we ran across a man who was looking for some Cypress people. He works in Saudi Arabia, and knew their relatives over there. Now we'll always wonder if he made the contact okay. He's worked over there for eight years, and is enjoying several months in the states before returning in June.

* * *

If you take clean-up week seriously, don't forget to get a permit from the volunteer fire department or at the Cypress Beverage store before you burn up that trash in an open fire. There is a stiff penalty if you're caught without one, especially if the fire gets out of control and causes extensive damage.

* * *

And by the way, do you have the faintest idea how to call out the Cypress volunteer fire department, in case the need should arise? We're not going to tell you here. If you have to look it up you'll remember better.

* * *

Speaking of clean-up, paint-up and fix-up week, a couple of items come to our attention. Cypress hardware has some new paint on the front of their store. And somebody actually got around to smoothing the road over the PE tracks this week. That is definitely a "fix-up" note.

* * *

We noticed the little yellow jeep which belongs to the county mosquito abatement control crew out our way Monday. That's good news—at least they're working on us

Save Date For Big Show

Sponsored by the Busy Bee Rebekah lodge, a home talent "variety show" will be given Friday night, May 16, in the school auditorium. Pupils from the Sybil Ring school, the Val Moore studio, both in Anaheim, and the Bellflower Conservatory of Music, many of them from Cypress, will perform. Each school will put on a forty-minute program. "Between-the-act" solo numbers will be sung by Nolan Blackman, who recently won second place in a popular TV popularity contest.

Proceeds from the show will go to the volunteer fire department to use in the purchase of a rescue wagon. Another project of the lodge, a square dance at the fire hall the evening of May 24, will also be presented for the same purpose.

At a meeting of the lodge Tuesday night, members held a first nomination of officers.

RAG DRIVE

Each school child will be given a large shopping bag to take home next week. The P.T.A. is asking that parents aid in its salvage drive by sending old cotton or woolen rags to the school. When the rags are sold by the pound, the money is used by the P.T.A. to further enrich the educational experiences of the children.

If there are clothes in good condition to be given away, this same means may be used to dispose of them. The salvage company, through the P.T.A.'s, help needy families with wearing apparel. Only P.T.A.'s are able to receive clothing from this salvage company.

The drive is scheduled for Monday, May 12, through Thursday, May 15. Mark your calendar now, tie a string around your finger, and round up castoff articles, either clothing or rags, for the drive.

"A FRIENDLY ZONE TO BUILD YOUR HOME"

VOL. XXV—No. 30

Cypress, California, Friday, May 9, 1952

5 CENTS PER COPY

Hold Funeral For Aged Cypress Man

Requiem mass was offered Saturday morning at St. Pius V Catholic church for Andrew Vargo, 10271 Bloomfield ave., who died at his home. Father Frederick Kass officiated.

A native of Hungary, he had lived in the United States 45 years and in Cypress 18 years, after coming here from Los Angeles.

Survivors include the widow, Natalie; a daughter, Mrs. Terrisa Fellows of Vista; a son, Leonard A. of Los Angeles and three grandchildren.

Join Clean-up For Brighter, Community

More communities every year observe spring clean-up as part of their fire safety campaigns, reports of the National Board of Fire Underwriters show.

Local fire authorities encourage householders to undertake an annual repair and clean-up because it gets rid of many fire and health hazards. A cleaner and safer town may be expected to have lower disease rates and reduced juvenile delinquency.

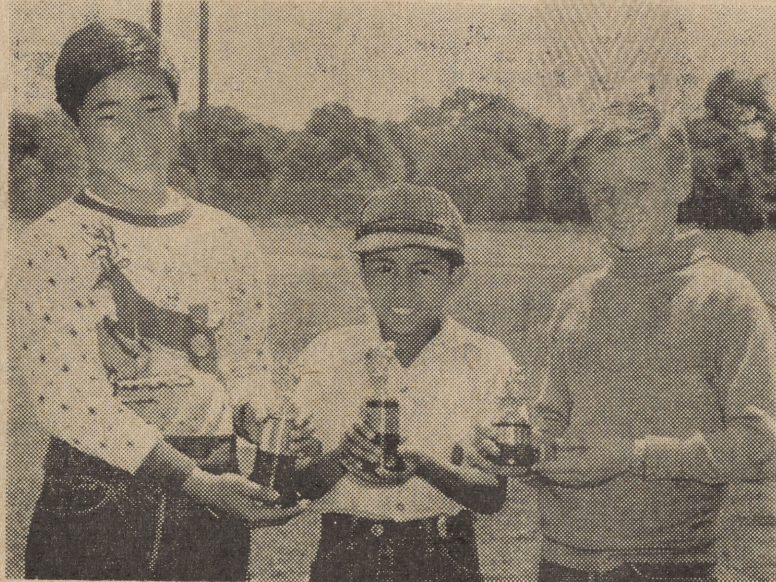

Because spring was so late in arriving this year, weather has not permitted householders to do much outside work. A. E. "Pat" Arnold, fire chief, has stated that the annual week to observe a general housecleaning will be observed this year beginning May 18 and will continue for one week.

Join your neighbors in a general campaign to clean up eye sores which help to breed mosquitos, flies, rats and other vermin which are a menace to health. Add a little paint here and there, and make this week your week.

Another Cypress veteran who reported at Fort Ord for discharge following duty in Korea is Sgt. James Coburn, son of Mr. and Mrs. James R. Coburn of 8851 Walker st. His friends here are happy to welcome him home.

SERGEANT NEAL E. PARKER, was one of 20 Marines from Orange county taking part in the atomic tests held at Camp Desert Rock recently. The Marines occupied positions near the explosion and minutes later "attacked" an objective near the center of the burst area. He is the husband of Mrs. Shirley Parker, 7862 La Palma, Buena Park.

SUPER-SHOOTER—Taka Tanaka, on left, once again proved his superlative skill by winning last Saturday's Orange county VFW marble contest play-off at Maple school in Fullerton. Teams from Anaheim, Fullerton, Westminster and Laguna Beach competed, besides Cypress. Second place award went to Joe Quevas of Centralia school, center, and Jack Clausen of Westminster, on right, was third. Odell Pardue of Cypress was named alternate and will play in the district marble tournament to be held May 17 at Maple ave. school in case any of the three winners are unable to play.

—Cut courtesy News-Tribune

Box Supper Big Success

"Success" in capital letters will be reported to members of the Cypress Women's Community club at their meeting next Tuesday when the committee in charge of the box supper at the schoolhouse last Saturday night gives its report. Mrs. Murton Jones will be hostess and she will be assisted by Mmes. Wayne Rallings and C. E. Swain.

Well over \$250 was realized from the sale of the lunch boxes at the auction, which was handled by Bob Faulkner, auctioneer, assisted by his "boss", A. H. Harris. Both men donated their time and services.

One box sold for \$30, was resold for \$10, and the unique decoration in the form of a bovine which "m-o-o-o-d" brought an additional \$19. The prize for the prettiest box was awarded Mrs. C. E. Swain. An additional auction of two cakes donated by members, one sold at a "Dutch auction", helped to swell the sales. "Slim" McCoid, Vic Sherron and Elmer Corby judged the boxes which were unique and varied and each deserving of a prize.

Committee in charge of the affair were Mmes. M. R. "Bob" Jensen, Clarence Southfield, Murton Jones and Ed Robinson. Games before and after the supper were in charge of the Rev. Jack Tutor, pastor of the First Baptist church. Proceeds will go to the volunteer firemen to aid in the purchase of a rescue truck.

TO SEAT OFFICERS AT MISSION MEET

Mrs. Leon Ferguson will be hostess at her home, 8791 Hoffman st., on Monday evening when members of the missionary society of the Nazarene church hold their monthly meeting.

Newly elected officers for the ensuing year in the Garnet Howard chapter will be installed. Each member is asked to bring a dish towel to be used in the recently remodeled church kitchen.

Mrs. Melvin Callahan will assist Mrs. Ferguson in hostess duties.

Move Along On Park Plans

Giving strength to the belief that Cypress will soon have a park of its own, work is going forward on the grounds little by little.

Since the weather has been more cooperative, the ground has been levelled and preparations are being made to install the pipe for the water supply and sprinkling system. After that, grass seed will be planted on the site.

NAVAL STATION AT LOS ALAMITOS HAS OPEN HOUSE

Armed Forces Day will be observed at the Los Alamitos Naval Air station May 17 with an open house. Beginning at nine o'clock in the morning, timely films will be shown throughout the day. These will cover a variety of subjects such as the presentation of the army, navy and air force in action, a film on communism, and other vital information.

Parents may obtain information concerning their 16, 17 and 18 year old sons and what is in store for them in the future.

Facilities of the naval reserve training center will be open for inspection by the public, throughout the day.

Ask Parents To Register Kindergartners

Deciding factor as to which side of town will be awarded morning kindergarten hours when school convenes next fall will be decided with the annual pre-school registration Wednesday, May 14.

To be eligible to enter, a child must have been born on or before the first day of December, 1947. Miss Elizabeth Dickerson, superintendent of the Cypress elementary school, asks that mothers bring birth certificates with them.

Those living on the east side of Walker st. will register at 10 a.m. and those on the west side of Walker at 1:30 p.m. While the par-

Polls Open For School Vote Friday

Friday, May 16, a poll will be taken of voters to determine a new member of the board of trustees of the Cypress Elementary school. Mrs. Marie M. Jones will serve as inspector and Mmes. Betty Coburn and Zedith Hathcock will act as judges on the election board.

The schoolhouse will be open from seven o'clock in the morning until seven o'clock in the evening and is the only polling place for the school election.

Two men filed for the post on the school board, James Broadbelt and K. E. "Johnny" Johnson. The incumbent, Frank Noe, did not file for re-election.

Cypress Vet Crash Victim On 'Cycle

Mr. and Mrs. E. D. Griggs, 9181 S. Hanson rd., took a plane to San Francisco Sunday morning. Griggs took an emergency leave from his work at the Shaffer Tool works in Brea.

Their son, Sgt. Donald L. Griggs, is a patient in Lebanon hospital as the result of a motorcycle accident on Saturday. He had spent two weeks visiting his parents and other relatives, having just returned from two years overseas duty in Korea. His motorcycle was a brand new machine he had just purchased to make the trip back to his base. The ironical part was that he was only ten miles from his destination.

A neighbor, Roy Burroughs, 9161 Hansen, received a call from Griggs Sunday evening. The father reported that his son was regaining consciousness following a brain concussion, and had recognized his mother.

Sgt. Griggs has many friends in this area who are hoping for his quick recovery.

R. Haralson Returns Home From Hospital

Ralph Haralson, 5572 Saint Ann avenue, came home from St. Mary's hospital in Long Beach on Tuesday. Last Thursday he was stricken with extreme suffering and his right side was paralyzed as he attempted to lift some sacks of feed for his rabbits. He was transported by ambulance to the hospital.

Doctors say his sciatic nerve was affected. He first complained during the wet spell this spring when he was much in demand and gained the title "furnace man". Lifting heavy cess pool covers in flooded areas was the cause of his misfortune.

Haralson is recuperating at home, where he is under strict orders from the doctor to "take it easy."

ent is occupied, the boys and girls will be taken to the kindergarten rooms to get them acquainted and help them to feel more at home when they do start school next fall.

MOTHER'S DAY

No one deserves a special day of honor more than mother. She deserves all the nice things said about her, all the nice things given her. But she deserves much more.

She deserves tenderness and consideration from her family the rest of the year too. She deserves not to be taken for granted. Or taken for little more than a housekeeper.

We feel that, however fitting the Mother's Day remembrances may be, the more important thing is that it not be an occasion when the family tries to make up in 24 hours what it has failed to do in the preceding 364 days.

Mothers are human beings — a fact which seems to escape some individuals. They are not so constituted that they can endlessly serve the needs and the whims of their families on a round-the-clock basis without feeling the need of occasional rest and recreation. By this we don't mean that mothers generally are treated like so much slave labor, but that home is unusual in which her services are fairly evaluated and properly appreciated.

If on Mother's Day the family will consider the many things mother does for them every day the occasion will have real meaning and lasting value.

—Calif. Commentator

I RISE TO REMARK

By JOHN PHILLIPS

The 82nd Congress, whatever else may be said about it, will undoubtedly establish one record before it adjourns. I have not checked all previous Congresses, but this surely will be the "investigatingest" one in history.

Since we convened on January 3rd, 1951, I have a record of 225 separate investigations, beyond the routine of legislative or appropriation work. Looking over the list, I observe a few omissions. In addition, there would be routine investigations of problems arising in hearings, or from information furnished.

At least 50 of these special investigations are still going on. The question immediately arises, are they worth what they cost the taxpayers, which will be about \$4,000,000 for this Congress? Yes, I think they are. Practically all the exposures of graft, corruption, favoritism, waste, duplication, and outright subversive activities, have come from such investigations. Even where no direct result can be indicated, these investigations have helped committee decisions and individual efforts in the transaction of legislative business. Usually they save many, many times the money spent.

A quick run-down of the current investigations will give some idea of our problems: The committee on AGRICULTURE is looking into crop reporting. Incidentally, we have just had an example of this, in connection with flax, which suggests some change in methods.

The committee on ARMED SERVICES is investigating the wartime death in Italy of Major Holohan. You read about it in the papers. That committee is also checking wastes in military procurement, and its findings may well save us several billion dollars a year. It is investigating manpower wastes in the defense departments.

Under the committee on BANKING AND CURRENCY, investigations are going on concerning housing loans, and the Export-Import Bank. The committee on EXPENDITURES IN THE EXEC-

UTIVE DEPARTMENTS (which is primarily an investigating committee, to follow-up money we appropriate) is currently looking into our relations with international organizations; into Federal supply management, and into the construction of certain airfield bases. The committee on FOREIGN AFFAIRS is investigating other foreign aid programs, the Point-4 program (which is a constructive program, and which we do not want to go the way UNRRA went and towards which UNESCO appears to be heading), and the U. S. Information Service ("Voice of America") - which can well bear investigation.

The committee on JUDICIARY is investigating the Department of Justice, and seems to be getting results. We voted last week to investigate the Wage Stabilization Board. The committee on UN-AMERICAN ACTIVITIES has been working on the Sorge spy case.

The committee on WAYS AND MEANS is working on overlapping taxes, and on corruption in the Bureau of Internal Revenue. We have "Select Committees" (which means special committees) on the Katyn Massacre; on the impact of the war on small business; on chemicals in foods (which I helped set up); on grain storage shortages, and on abuses in the GI education program.

My subcommittee is looking into the TVA coal contracts, informally, with the thought of recommending an investigation, and into the somewhat profitable contracts the Atomic Energy Commission is writing, and I do not mean profitable to the taxpayers.

THE MAN WHO CAME TO DINNER AND STAYED—

County Employees To Reveal Sources Of Tax Dollars To Visitors May 17

Where does the money come from that finances Orange county government?

The fact that nearly \$45,000,000 came out of the public's pocket during the last fiscal year, to oil the machinery of county government and its various special districts, including schools, lends interest to the demonstration of county government planned for May 17 by the Orange County Employees association.

The "Know Your County Government" project sponsored by the employees properly includes, they emphasized today, such information as the sources of financing.

Including some \$5,710,294.30 raised for the schools, in addition to school taxes, the people during the fiscal year paid into the public treasury \$44,917,492.83, according to the county's statistical report.

Direct tax levies produced nearly half of it, or \$20,770,409.63. Of that sum, the tax collected gathered \$18,845,770.96 in taxes and \$16,038 in tax auction sales. The county assessor collected \$1,541,198.85 in taxes on unsecured personal property. The county auditor's delinquent tax redemption collections totaled \$367,401.82.

Subventions and grants of state and federal aid to the county in law enforcement, education, highways, veterans services, and apportionment of taxes collected by the state for the counties, amounted to another \$12,079,082.30.

Licenses and permits issued by various departments for all sorts of activities yielded a total of \$44,809.87.

Fees and commissions amounted to \$349,834.24. Largest item there was the recorder's fees, 152,878.20. Building inspector's fees, \$85,338.24, represented the next largest item.

The county collected \$78,838.85 from franchise taxes and earnings. Fines collected by the courts and penalties collected by county libraries added another \$89,440.27. Leases and rentals of county property brought in \$8034, and royalties netted \$3127.84.

Interest collected by the county treasurer on public funds on deposit in banks, and on county-owned bonds, amounted to \$59,744.96.

The county furnished a wide variety of special services through a number of agencies, for which it received compensation or reimbursement totalling nearly a mil-

lion dollars, the exact figure being \$948,266.48. The schools again figured heavily in this department, to the tune of \$711,117.39, including \$646,634.14 for tuition.

Sale of property produced \$10,353.62. This included a \$7424.25

Goodwill Marks 50th Anniversary

Goodwill Week will be observed May 4 to 10 in Orange county, commemorating the 50th anniversary of Goodwill Industries in America, it was announced by a county-wide group of prominent citizens sponsoring the event.

Goodwill Industries of Orange County was established in 1924 with three employees. It now employs some 75 handicapped persons, the objective of its program, and paid more than \$93,000 in wages to these employees during 1951. Goodwill Industries operates the only U. S.-certified sheltered workshop in Orange county.

Observers of Goodwill week will include open house at the Goodwill plant, 417 W. Fourth st., Santa Ana, on Thursday and Friday afternoon and evenings, May 8 and 9. The public will be welcomed to inspect the plant, and view the new film, "Salute To Courage", which depicts the operations and objectives of a Goodwill plant. Actress Peggy Dow and Joe E. Brown are featured in the film.

The sponsors' list includes Paul Kroesen and Edward Faulkner from the Buena Park area, and Constable Haskell Kelley of Cypress.

orange crop from the county farm.

Miscellaneous receipts and refunds amounted to \$817,301.05.

Sale of tax anticipation notes for school districts, to finance them over the "dry" periods until tax collections come in, totaled \$507,588.63. Sale of bonds, all school bonds except \$27,022.34 for Orange County Water Works district No. 7, reached \$4,582,621.65. Special district receipts were \$3,008.58.

Special Day Honors Mothers

At Sunday morning services in
the Cypress Church of the Naza-
rene, mothers will be honored on
their special day with recognition
at both Sunday school and during
the worship hour.

The junior department of the
church school will present a pro-
gram for mothers during Sunday
school. At the eleven o'clock hour
the Rev. W. D. Howard, pastor,
will present special gifts to the
youngest mother, mother with the
most children, grandmother with
the most grandchildren and there
will be special songs and music.

The public is welcome to attend
these services.

DEFENSE IS YOUR JOB, TOO!

"Miracle Drug" say SURIN Users

Pains of Arthritis, Rheumatism,
Neuritis, Lumbago, Bursitis*
Relief Can Start In Minutes

There's no internal dosing with SURIN.
Nothing to swallow and wait anxiously
for relief. You simply apply SURIN
right at the point of pain and blessed
relief starts as penetration beneath the
skin gets under way. Of course there's
a reason for this wonder-working new
external fast pain relief medicine.

It's methacholine, a recent chemical
born of research in a great laboratory.
It acts speedily to aid penetration of
SURIN's pain-quelling ingredients.
Methacholine also causes deeper, longer-
lasting pain relief and increased speed-
up of local blood supply.

Tested on chronic rheumatics in large uni-
versity hospital it brought fast relief to 73%
patients and in home-for-the-aged 77%. To-
tally different from old-fashioned rubs and
liniments, modern SURIN brings faster re-
lief, longer without burning or blistering;
without unpleasant odor or grease. Simply
smooth on SURIN at the point of pain and
feel pain ease in minutes. Money-back at your
drug store if SURIN doesn't relieve muscle
pain faster and better than anything you've
ever used. A generous jar costs \$1.25. *SURIN
is not a cure for any of these conditions.

GAIN NEW JOY IN LIFE

There is no need for you to be tired, nervous, cranky or constipated if due
to dietary deficiencies which occur only when the daily intake of B-vitamins
and Niacin is less than minimum requirements over a prolonged period.
These non-specific symptoms do not in themselves prove a dietary defi-
ciency and may have other causes or be due to functional conditions.

If you've resigned yourself to a life
without companionship... without
fun and parties... simply be-
cause you haven't the necessary

physical power and energy...
BEXEL SPECIAL FORMULA may
be just what you need to pep you
up... to give you new vim, sparkle.

Bexel Special Formula

the wonderful new vitamin com-
pound, may be exactly what you
need to put you on your feet again
if you... like so many, many
others... are suffering from com-
mon symptoms of specific deficien-
cies.

Where such conditions are due to
lack of B-vitamins, iron and trace
minerals, known to be essential in
human nutrition, Bexel may be the
"miracle drug" you are looking for
to put you in tip-top shape
again!

Amazing new medical for-
mula combines the essential
B-vitamins, iron and trace
minerals needed in human
nutrition.

POTENCY GUARANTEED

You take just ONE
easy-to-swallow Bexel
capsule a day, and
that's all! It costs you
only about 6¢ a day...
a tiny price to pay to
protect yourself
against the misery
and sufferings of
symptoms which oc-
cur as a result of pro-
longed deficiencies of
essential vitamins and
minerals in your diet.

Your money back if
you don't feel bet-
ter after one bottle
of Bexel!

Orange County's "Weight" at Sacramento

Perhaps you, as a citizen, never thought about that,
or knew there was such a thing. But there is.

It is what every County, or its citizens, must have in
order to get what they want from state government.
Legislative weight is compounded of experience,
prestige, know how and 'know who.'

It is not gained in a day, or a year—or a term.

Sam L. Collins has it. He has been Speaker of the
Legislature for 12 successive sessions. He is a member
of the State Board of Public Works, the Board of Re-
gents, University of California; vice-chairman of the
Joint Interim Committee on Highways, and member
of Joint Interim Committee on Agriculture.

That's why practical men are advising you to—

Faulkner Says: Keep It Clean

Edward Faulkner

It is regrettable that smear tactics should be introduced into the campaign for Supervisor from the Third district. This is an office of importance and dignity, and whoever holds the office should be on a higher level than that.

It seems to me that smear tactics are a confession of incompetence; an attempt to cover up failure. The official who does his job well does not need to stoop to smear his opponent, either directly or through his appointees.

For my part, as a candidate for Supervisor in the Third district, I have no intention of engaging in smear tactics, and I had hoped to see the campaign free of such stain.

One thing more: Whatever claims or charges are to be made in the campaign should be brought out into the open now, when there is time to answer them. You may be sure that any last-minute smear, spread when there is no time to make answer, is not worthy of belief, and is nothing more than a campaign trick. It

Students under the supervision of Mrs. Geraldine Zebrowski, Mrs. Lois Lissner, Mrs. Henrietta Arnold and Mrs. Rutledge's rooms won the thrift banner this week.

Miss Alice Herrick, school nurse, is back on her schedule again following an absence caused by illness in her family.

Mrs. C. L. Wicker and Judy Belle, her daughter, attended the general conference of the Methodist church in San Francisco. The latter was in attendance at the youth conference. The trip was made by air.

Chamber News And Views

by Dale

Don't forget to come to the Chamber meeting next Thursday at 8 p.m. at the school house. If you don't think you'll remember it when the time comes, tell someone in the family to remind you.

Flood Control

In connection with our flood control program, Ralph Thomas tells me the Orange county Farm Bureau has taken up the fight to get something done. That is a welcome note for us because they are an active group, and know how to get things accomplished.

Cypress will not be left out in the cold if we work with them, because they represent people in this end of the county like Ralph and George Ogata, two of the members I can think of offhand, and they see to it the whole county benefits from their drives.

I have a fairly good collection of photographs now showing the dangerous ponds in Cypress—at least some of them which are representative. They were taken for the purpose of presenting them to proper authorities when the time comes for whatever action will be needed.

Each time a mosquito bites you during the next few months, just keep in mind that we'll need help in solving this flood control, which should also help eliminate the standing water, and therefore a lot of the mosquitoes.

The Chamber needs two or three women with at least one car who want to earn a little pocket money. The job will be a house-to-house solicitation of Chamber memberships and you ought to be able to pick up enough money to make it worth your while. The membership money, of course, will go into the fund to help pay for the sewer survey. If you are interested, get a friend interested too, and call me after six at Anaheim 60355 and I'll explain it to you—or come to the meeting Thursday.

See you at the meeting.

GIVE SHOWER FOR WEE BABE AT HUCKABEE'S

Members of the missionary council of Faith Tabernacle gathered at the home of Mrs. Sarah Huckabee, Moody street, to honor little Miss Beverly Jane Pritchett. Although the infant honoree was not present, she received many useful articles which were given to her mother.

The baby was born to Mr. and Mrs. B. L. Pritchett, 5446 Bishop st., on March 24 at Artesia hospital. She was placed in an incubator and has not been considered strong enough to bring home until this week.

POLITICAL ADVERTISEMENT

Glen McCloud Says

What qualifies a man to hold public office?

The answer to this question is based upon several factors. Perhaps the paramount reason is the desire on the part of an individual to be of public service to his community. Very few public offices in this country pay well—in many cases little more than enough to support the office-holder's family. The desire to serve must be the ambition of the years rather than an over-night idea or the suggestion of a friend.

Experience qualifies a man to hold office, though is not always the major factor. More times than not, those who are of the people, serve their people best.

The desire to devote one's lifetime toward government qualifies a man for the title of "politician." This term, sadly overworked in derogatory manner, is defined by Webster as "one versed or experienced in the science of government."

All public servants honestly serving their constituents, deserve the full support of the electorate!

ASSEMBLY Pol. Adv.

"NEBB" MILBOURN SUFFERS INJURIES IN BAD TUMBLE

Gerald "Nebb" Milbourn came home from Seaside hospital in Long Beach Thursday. On Wednesday, while working on a new apartment building in Long Beach, he suffered bruises about the head and shoulders when he fell accidentally.

The injuries were painful, but X-rays taken were favorable. Milbourn returned to work on Monday.

Mr. and Mrs. Charles Krantz of San Francisco visited this week with Mr. and Mrs. Burt Kroesen and family in Cypress and Buena Park. The women are cousins. On Thursday they enjoyed a drive to Palm Springs.

BOBBY BOYD IS PROMOTED TO SGT.

Bobbie D. Boyd, 10922½ Chestnut, Los Alamitos, has been promoted to sergeant while on security duty with the 1st Cavalry Division on Hokkaido, northernmost island of Japan.

The division was rotated to Japan in December after 17 months in Korea.

Tired of uneven heat?

See the even heat distribution you get with one of the new automatic gas ranges—now at dealers

FOR perfect frying, you need an even distribution of heat. You get it with gas. The clean blue gas flame spreads itself uniformly over the bottom of your pan or griddle. This is true with any heat you select... not just with a few limited heats. This even distribution of heat assures even cooking, even browning, far more appetizing and delicious food.

Because the gas flame is visible, you can see exactly how much heat you have... can adjust it instantly. And just as gas eliminates guesswork from top-of-range cooking, so does it simplify, speed and improve all types of food preparation. With a new automatic gas range, you have cooking at its best. At its most economical, too! The new gas ranges cost less to buy and less to operate. See the gleaming displays at your dealer or your Gas Company soon.

Among the many makes of gas ranges on display during Spring Showing is this beautiful new

O'KEEFE & MERRITT

...a CP model. Others you'll see include Caloric, Gaffers & Sattler, Grand, Hardwick, Magic Chef, Maytag, Occidental, Roper, Tappan, Wedgewood, Western-Holly.

Look for this seal. It's your guide to the very finest in modern cooking appliances.

WIND UP SIGNING OF SCHOOL PETITIONS

Petitions being circulated among registered voters by teachers and interested citizens to increase state aid to schools are to close today, for delivery tomorrow. The petition asks that state aid be increased from \$90 to \$120 per day pupil annually.

The amendment, if passed, will provide about \$70,000,000 more money annually than would be provided under the present law. It is felt there would be no need to raise state taxes if business conditions remain at present levels.

Mrs. Olive Williams wrote the traditional newspaper "30" to her county page in the Anaheim Bulletin on May first after an association of five years' duration.

Mr. and Mrs. Fred Walley showed their "Mr. Scotch", a white Highlander, in the dog show at Puente Sunday. He copped two seconds and a third in his first attempt at prize winning.

Arnold Hermann of Camarillo, spent several days with his cousin, Joe Odermatt and family at 5201 Orange ave. He went from here to South Dakota to visit.

'Chit-Chat from The Teeners'

By Gloria McKinzie and her helpers

Well, it's party time again! Saturday night at Irvine Park the following people were seen there having a good time; Kay Kelliker and Donnie Steffans, Bobbie Wallace and Bob Brown, Bev Cook and Johnny De Bruyn, Tootsie De Bruyn and Roland Signer, Rosetta Smith and Narcie Ferriera, Norma Bounds and Ronnie Hawkins, and many others.

On Saturday, April 26th there was a party given in honor of Patty Saylor's 13th birthday. Those there helping her to celebrate were Terry Signer, Janet Teague, Gerald Trusdale, Bob Miles, Virginia King, Dick Prowse, Susanne Lukens, Harvey Green, Betty Benson, Larry Moorehead, Betty Van Dalsem, Paul Morris, Muriel Boston, Wayne Trusdale, Margie Zwart, Roland Martin, June Moramota, Billy Kelliker, Virginia Rodriguez, Pinky Lopez, and Rudy Mendez.

Bev Cook and Johnny De Bruyn, who are now on our engaged list, went to the show Tuesday night.

Billy Ames came over to see Tootsie De Bruyn Sunday night.

Kute Kouple of the Week
Chosen this week to be couple of the week is Kay Kelliker and Donnie Steffans who have been going together for one month and one week. Kay is 16 and Donnie is 19, they both have the same color of eyes while Donnie's hair is blonde and Kay's is brown. Their weight is 122 for Kay and 155 for Donnie. In height Donnie outranks Kay by three inches with a height of 5'7". Their favorites are Kay's first then Donnie's respectively:

Food: Anything, Frosties; Color: Blue, Yellow; Song: "Because of You", "Tell Me Why"; Show: Greatest Show on Earth, With a Song in My Heart; Band: Lionel Hampton, same; Male Singer: Johnny Ray, Frankie Laine; Female Singer: Doris Day, Patti Page; Pet Peeve: Goopers, Girls that stay at Balboa, and Likes: Donnie, Kay.

Songs to be Dedicated To—
"Again !!!", Shirlee and Duane; "Be Life's Companion", Bev and John; "At Last", Tootsie and Billy; "I'll Walk Alone", Lolly Slabaugh; "I Wanna Be Loved By You", Barbara and Bob; "I'll See You In My Dreams", Delores and Frankie; "My Darling", Delores and Joey; "Show Me the Way to Go Home", Philip Arbiso; "Kissa Me Baby", Donnie and Kay; "Unforgettable", Rosetta and Narcie; "Baby Carriage Boogie", Peg and Russ; "Makin' Whoopee", Norma and Ronnie; "I'll Always Remember You", Gloria to Bob.

MRS. COLLINS HOSTESS TO "COME-AS-YOU-ARE"ers

Another of the surprise "come as you are" breakfasts caught several Cypress matrons off-guard Wednesday morning. Guests were summoned to the home of Mrs. Art Collins on Walker street, and the early hour caused considerable consternation and fun among members of the Cypress Women's community club.

The breakfasts and fines are a means of raising money for the group.

Frank Ferreira was home last weekend from Fort Ord. This is only the second time since entering the army February 21.

Ed Sorrell, of Los Alamitos, known to his friends at "Uncle Ed", is in Artesia hospital. A moving vehicle backed into him accidentally, injuring him severely. He is reported to be in his 80's.

If you are looking for an opportunity to meet candidates in the 75th district, you may do so the evening of May 15 at the Elks' club in Anaheim beginning at 7:30. The meeting place for the presentation of the political candidates was changed from the YMCA.

RALPH J. McFADDEN

CANDIDATE FOR RE-ELECTION
**SUPERVISOR,
THIRD DISTRICT**
QUALIFIED BY EDUCATION,
TRAINING AND EXPERIENCE
PRIMARY ELECTION JUNE 3, 1952

Duties of a COUNTY SUPERVISOR

To act with other members of the Board of Supervisors, to assure Orange County of an adequate supply of water.

To provide and maintain Orange County highways.

To act with other members of the Board of Supervisors to equitably allocate costs, and to assist the Sanitary Districts in building the new out-fall sewer.

To supervise the County budget.

To economically and efficiently operate the County Hospital.

To Maintain and operate the County Court House, County Jail, Detention Home and all other County facilities, and to govern the County in the interest of all the people in a fair and equitable manner.

As Your Supervisor, Ralph J. McFadden Has Brought to the Board Mature Judgment and Vast Experience in Many Fields of Activity...

He is a graduate of Stanford University.

He is experienced in both civil and mining engineering.

He was for many years superintendent of the Anaheim Union Water Co.

He was a member of the County Highway Commission that built the first paved roads in Orange County. Which Commission, following this construction, had a surplus of \$200,000.00 from the bond issue voted for this purpose.

He was one of two representatives, while a member of the Anaheim City Council, that instituted the compact between Orange County cities for the outfall sewer.

He was one of the men who pressed through the State Legislature the Enabling Act creating the Orange County Water District.

He is a former director of the Orange County Water District.

He is a past president of the Orange County Farm Bureau.

He is a past president of the Associated Chambers of Commerce of Orange County.

He was a member of the Orange County Harbor Commission at a time when this magnificent development was in its beginnings.

No Other Man Offering His Services to the People of Orange County Is Better Qualified by Training and Experience to Serve Our People in the Capacity of County Supervisor Than Ralph J. McFadden

Building Slumps But April Total Over Last Year

Building activities in unincorporated areas of Orange county last week hit the worst slump in many months, permit valuations totaling only \$135,478.

Unincorporated territory of Orange county had a slight decrease during April, as compared with March, total valuation of permits being \$1,924,220, according to records of County Building Inspector Charles Donohue.

There were 353 permits issued during the month, of which 84 were for new single-family homes, of a total value of \$854,112. Another \$112,528 was expended in additions and remodeling of 66 homes. Permits were issued for five multiple-family dwellings valued at \$85,856.

Two motels were built, at a cost of \$60,104. Seven store buildings received permits aggregating \$196,600. A new \$324,829 school group in Alamitos district boosted the total.

The April total was five per cent below that of March, but was 13 per cent higher than the total for April, 1951.

To date this year, 1645 permits have been issued for a total valuation of \$8,066,734, as compared to \$6,680,6106 for the same period last year.

Local Topics

The three children of the Karl Beason's have suffered a siege of measles. Her mother came to help out in the crisis.

Mrs. E. E. Goodman, of the local VFW auxiliary, was inducted into the past presidents' group of the county last Monday evening.

Murton Jones was involved in an accident while driving his truck, but was not seriously injured.

Hugh LaRue is about again following hospitalization in Anaheim for injuries he suffered in an automobile accident.

John Azevedo, Los Alamitos, recently purchased the registered Brown Swiss bull Rancho Rustic Railsplitter, 101500, from Rancho Rustic, Lincoln, according to a report from Fred S. Ilse, secretary of the Brown Swiss Cattle Breeders' association, Beloit, Wisconsin.

Judge J. Shea Is Speaker Ladies' Night

Cypress Kiwanis club members honored the mothers of their families Monday night as they had a special ladies' night a Lloyd's drive-in.

Mrs. Ed Robinson received a special orchid corsage for being the youngest mother present, while Mrs. Ray Temple was presented an identical one for being the oldest mother in attendance. Smaller corsages were given to every lady as she came in.

Judge John Shea was the guest speaker of the evening, explaining to the group the new court reorganization and its effect on Orange county. He is a former Cypress

Lynx Win One, Drop One In Openers

A pair of third-inning triples by Carolyn Broady and Bobbie McDaniel gave the Lynx a 3-0 triumph over the Monrovia Nite Owls in the Southern California AAA Girls' League opener for both clubs at Buena Park Thursday night.

The Lynx were guilty of seven boots as they handed a 7-6 victory to the Blue Jays in a Southern California AAA League game at Monterey Park Tuesday night.

The Monrovia Owls provide fodder for the local girls' guns tonight and the first Pacific League test of the season comes Saturday night when the vaunted world champion Orange Lionettes will host the girls.

Local fans can see the same pair of top teams in a return match at Buena Park's Recreation Park Wednesday evening. Game time is 8:30.

resident, having lived on Moody street as a boy for about 15 years. He spent a short time discussing Cypress as it was then, and told of delivering groceries to some of those present when he worked for John LaRue, who was the only grocer in Cypress then.

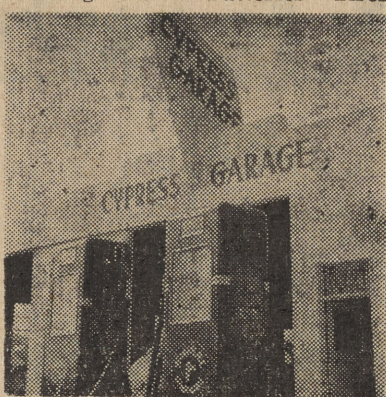

The singing session was devoted to songs relating to mothers, and was led by the Rev. Wm. D. Howard, with Miss Alene Rogers at the piano.

Thirty-eight members and guests were present.

Recent-weds Mr. and Mrs. Philip Damron, married April 19, were honored in the home of his father, Dr. M. H. Damron and Mrs. Damron last Saturday evening. Relatives and friends were invited to a reception to meet the bride.

another nice thing
about an all-electric kitchen... **it stays cool**

Starting right about this time of year, that old problem of hot, stuffy kitchens and uncomfortable cooks is coming up to occupy the center of the stage. Except, of course, in those happy homes with all-electric kitchens.

Electricity does the cooking with a fast, intense heat that concentrates on the cooking—there's none left over for the kitchen or the cook. Even on the hottest days, and with piping hot meals in preparation, the kitchen stays cool and comfortable.

You'll like an all-electric kitchen, too. And if you install it in planned stages, you can complete it with no strain at all on your budget. See your electric dealer.
